Information

THE SOURCE EVALUATIONS IN THIS REPORT ARE DEFINITIVE.
THE APPRAISAL OF CONTENT IS TENTATIVE.
(FOR KEY SEE REVERSE)

The processing of ferrous metals has been completely given up at VEB Halbzeugwerk Auerhammer; new halls are being erected at the plant site. VEB Walzwerk Olbernhau is currently the only enterprise in East Germany which is producing steel plate, especially transformer plate and dynamo plate for the electric machine construction industry.
